

# ANNUITY PRODUCER TIP

## AML Certification: Must Be Completed Annually

**This is a reminder that LIMRA has an annual anti-money laundering certification. To avoid delays in processing of business, it is imperative that you stay current with your certifications. If not current, it will hold up not only issuance of annuity contracts, but commissions as well.**

**We provide access the LIMRA website through our Licensing/Contracting section.**

**As always, let us know if you have any questions.**
